CUYAMACA COLLEGE

Spring 2022 Course Offerings

As of January 31, 2022

Important class offering information regarding Distance Education for the spring semester:

SYNCHRONOUS VS ASYNCHRONOUS DISTANCE EDUCATION

Distance education can occur synchronously or asynchronously.

Synchronous

Synchronous distance education courses are structured similarly to face-to-face courses, however rather than being on campus, students interact with the instructor via some kind of interactive technology (such as Zoom). All students are expected to meet in real time at scheduled class times through a remote connection (via Zoom).

Asynchronous

Asynchronous distance education courses do not have designated scheduled meeting days and times. Students complete class activities and assignments as detailed in the course syllabus by logging into the online system, completing work and submitting electronically to the instructor.
